Nomination for the Louisiana Engineering Society

LEO M. ODOM AWARD FOR SERVICES TO THE PROFESSION

The Leo M. Odom Award will be awarded as conditions warrant, but not more often than annually, for Distinguished Service to the Engineering Profession in Louisiana by a Professional Engineer, over a period of long duration, in an unselfish manner and in keeping with the highest professional standards of conduct, including active participation and leadership in the technical societies as well as in this and other professional engineering groups. The character, scope, and duration of the services rendered are the predominant criteria, rather than strictly engineering or scientific attainments. LES membership is not required for this award but is preferred. The desire of the Society is not only to recognize the recipient but to encourage and inspire other engineers to take a greater part in the advancement of the profession in its service to mankind.
